Creating the Next 60 Years

Japanese language education began with 10 students when ICU opened its gates in 1953. From 1964 the Special Japanese Program for returnee students started. As a part of the ICU 60th anniversary event, Japanese Language Programs (JLP) hosted a JLP Reunion on 24 May, 2014 at ICU to mark the JLP's 60th anniversary and Special Japanese Program's 50th anniversary. All Regular students who have taken Japanese language courses or Special Japanese courses were cordially invited to join the Reunion as well as retired teachers and staff.
